⚉ ABOUT ME

I am Wasana from Panadura. I am currently a 3rd year Bsc.Hons **Software Engineering undergraduate** student at NSBM Green University. I am a challenge taker and willing to learn and upgrade my skills to fit with changing technologies.

I haven't work experience yet, so I am willing to take internship opportunities to polish my skills with real world projects and gain experience.

UI/UX Design, **Front-End Development** are my areas which i am looking for work as. I am fluent in Design and Development. Overall, I have sound knowledge of Java, understanding the SDLC Concept and Agile Methodologies and I do my designs in a Human Centered Manner. In developing a website I have the knowledge of Html, Css , and Java Script.

I am a fast , self-learner so I can adjust my current skills to whatever the skills my company expecting from me. I can take challenges, so I truly believe my self when applying to this opportunity.

Date of Birth
9th, October 1999

Nationality
